

Appendix A - Interprofessional Education at UIC

Assumptions 1) The UIC IPE program will include academic programs on all 6 campuses and UIHealth. 2) While there will be centralized coordinating unit for IPE in the VCHA office, most IPE learning experiences will be developed by the colleges collaboratively and then implemented locally. 3) While IPE for students and staff will be funded through tuition, GRF and other sources of revenue, continuing education will be financially self-sustaining.

External Factors 1) Health workforce needs in IL, 2) Healthcare reform, 3) Accreditation standards, 4) Competition for students and patients from other academic health centers.
